

Dear

This is the first Club newsletter for a while, but from now on we are intending to have a copy each month. The main reason for the newsletter is to remind you all of the events coming up over the next few months. Those who went to the St Ives judo course at Easter enjoyed fabulous weather, and met some of the members of St Michael Judo Club Evreux from Normandy, France. Barnet Judo is setting up a relationship with this club and will be arranging regular trips to France, and them returning to London. Hopefully this should develop into a very exciting and entertaining part of our club life. The St Ives course has a reputation for running high quality gradings. Several club members entered, but unfortunately none were successful on this occasion.

We are organising a workshop at Muswell Hill, on a Sunday morning, for the more senior grades, in July. The workshop will be run by Ray Stevens—Olympic silver medalist at the Barcelona Olympics, where we will study various groundwork situations. If this proves successful, then we will repeat it for standing techniques. Please keeps your ears open for the date of this event, as it will certainly be one not to be missed. Please talk to your coach to see if the event is suitable for you personally.

Future Events

Please take a look at the following events—we have ticked the events that we think would be ideally suited for you, but please speak to your coach to confirm suitability, and for further information.
