BJC WELSH JUNIOR NATIONAL CHAMPIONSHIPS

Despite the short length of time between the start of Barnet Judo after the summer break and the 'new look' BJC Welsh Junior National championships, Barnet Judo club managed to send a couple of entrants to this new prestigious event – David Medsinkii and Tomsk Noon.

This is the first time that the BJC has run an event where there were both extensive weight categories as well as extensive age bands, and that the competition was opened up to both BJA and the AJA competitors.

We left early on Sunday morning travelling directly to Hereford, where the tournament was held, grabbed a cup of coffee (or at least I did) and got both Tomsk and David booked and weighed in.

Because there were so many categories and the competition was so well supported, the competition lasted quite a while, but never-the-less it was all finished and left by 4.30pm.

Tomsk competed first, and did really well – finishing joint 3rd and winning a Bronze medal – see attached photo. This is the first time that Tomsk has won a medal at a major championships.

David, competing in the last category of the day, was matched against serious competition in his pool and did not qualify for the further rounds (one of the competitors within his pool was a Dan Grade and went on to win the category).

GIVE IT A GO

Barnet and Alexandra Park Judo clubs are running a women only judo course starting on the 7th and 8th of October. The 6 week courses are design to give Women, from the age of 12 years upwards, the opportunity to try out a comprehensive course in Judo and hopefully to take up the sport on an on-going basis.

Future events

Barnet Judo is not just about Tuesday and Friday nights training, there are a huge number of external competitions and courses that would benefit any Barnet Judo member to attend. In the list below you will find a large number of judo events that we could and should go to.
